G²DIAMONDGRIP™
The ultimate in strength, durability and tactility.

Some industrial nitrile gloves are more equal than others.

The unbeatable grip and comfort of the 8 mil G²DIAMONDGRIP™ Orange Nitrile Industrial Gloves will change the way you feel about nitrile gloves. These premium heavy-duty gloves provide the ultimate in strength, durability and tactility while delivering excellent puncture and chemical resistance.

Designed for professionals who need superior protection from grease, gasoline, pesticides, cleaning solutions, and a long list of specialty chemicals, these extra-durable 8 mil gloves are the perfect choice for automotive, manufacturing, janitorial, plumbing, paint shops, chemical and industrial uses.

The ultra-strong 8 mil industrial grade nitrile delivers superior resistance to rips, tears, and punctures while providing demanding workers the best in tactility and dexterity for working with tools or needed touchscreen precision.

We're confident that once you experience the strength, durability and tactility of our premium raised diamond textured G²DIAMONDGRIP™ industrial gloves, you won't want to wear anything else.

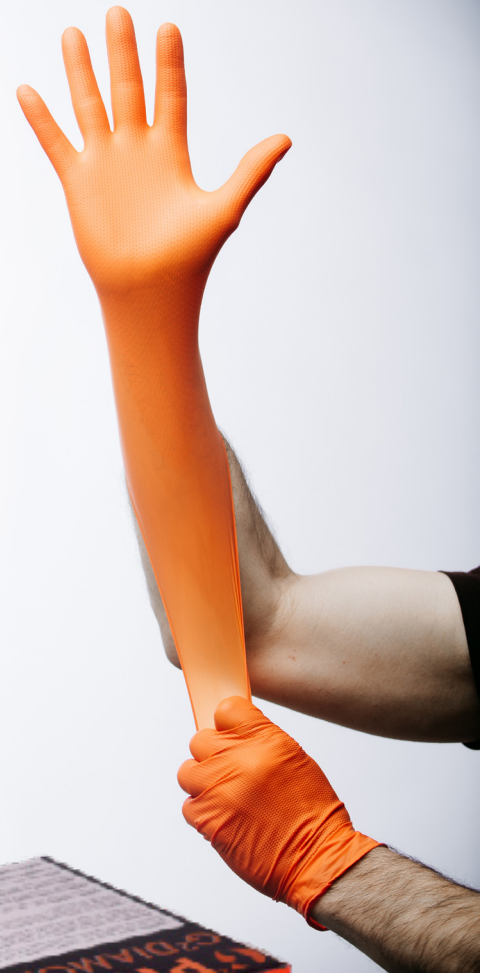

Latex-free and powder-free, these gloves are available in sizes M-XXL, 100 gloves per box, 10 boxes per case.

8 MIL - INDUSTRIAL ORANGE NITRILE
HEAVY DUTY RAISED DIAMOND TEXTURE

- Raised diamond texture fingers, fingertips, and palms for superior grip in oily and wet applications;
- 8 mil thickness at palm and fingers;
- 10" length from tip of the finger to cuff of the glove;
- Beaded cuff prevents liquid from seeping into the glove and adds greater strength and enhanced wrist protection - allows for easy opening, quick donning, and fast removal;
- Chemically resistant to oils, solvents and grease**;
- Innovative proprietary nitrile formulation for enhanced performance;
- Made from component materials that comply with FDA regulations;
- 100% powder-free and residue-free;
- Ambidextrous - gloves fit either hand;
- 100% latex-free.

** Warning: no glove is completely resistant to all chemicals - please review the OSHA Personal Protective Equipment Guide at www.osha.gov.
